STAT

Dear 

STAT

As chairman of the Joint Chiefs of Staff Working Party on Ground Intelligence Photography, it is my pleasure to extend my official and personal thanks for the part you and your organization played in making our recent West Coast meetings such a success.

As I am sure you are aware, the membership of the Working Party represents a cross section of photographic R & D personnel from each of the armed forces and other interested Government agencies. As such, they are an excellent forum for new and stimulating ideas in all aspects of photography. I understand from  and  that you had several very worthwhile items of prototype, experimental, and production equipments available for the Group's inspection and evaluation. I feel certain that you will hear from various individual members in search of means by which your design and production abilities can assist them in the execution of their missions.

STAT

Let me repeat our appreciation for your hospitality and please relay our thanks to  for their parts in a productive briefing and visit.

STAT

Sincerely,

ARTHUR C. LUNDAHL
